DGGB Solutions Inc was founded as a result of merging the talents and experiences of a multi-generational team of entrepreneurs. We specialize in sourcing the best quality and value of military, police, firefighters, and EMS personnel uniforms, tactical equipment, and personal protection. We serve as a valuable connection between manufacturer and end customers, we advise and overlook many projects. With over 30 years of combined experiences in a variety of segments of the business, we understand timing, specification and reliability that this operation requires.
